Clancy on behalf of the state of New Mexico and the county of Dona Ana, has filed a petition in the federal court asking that Oscar Lohman, of Las Cruces, former county treasurer, be declared an involuntary bankrupt. AMUSEMENTS.

AT THE AIRDOME.
Says manager Fog: "What happened to Jones last night at the Airdome was plenty. It is hardly fair for one man to have so much trouble in two short hours but Jimmy Lee seemed to enjoy it as much as the audience. As Jimmy remarked, 'trouble comes easy to me.' I like it, seems to be true, for the entire company gave their best efforts to getting Jimmy into one scrape after another, only to see him wriggle out with the ease of a practiced hand. For really funny situations, 'What Happened to Jones' is the leader of the many funny Lee shows. Some of the best musical numbers heard here in a long time were given. Also a lot of brand new wardrobe was worn by the comedians. Altogether, the show is bright, catchy and tuneful and well worth the price of admission. Seats are on sale at 10c, 25c and 50c. The prices are 25c and 50c, Boxes 50c."

Col. Pascual Orozco, commander of the Juarez garrison, sent a letter to exiled ruler W. W. Bridges, inviting him to bring the New Orleans and El Paso Elks to the Mexican side and guarantee their safety while they were in Mexico. It was planned to take the visiting lodge men over in street cars and autos, but because of the late arrival, this plan was abandoned unless the New Orleans folk wished to go over after dinner. Should the train run any later the entertainment for the visiting Elks will be limited to a dance and refreshments at the club.

In a letter to exiled ruler Bridges, the Louisiana Elks said that they would stay in El Paso the full five hours, regardless of the time of arrival and arrangements for their entertainment are now being revised.

IMPROVEMENTS MADE IN BELEN FLOUR MILL

Acres of Grain in Belen Country Is Increased Greatly.

Belen, N. M., July 2.—Extensive repairs in progress upon the Belen roller mills for the past few weeks are now nearing completion, and it is the intention of the John Becker company, owner of the mill, to commence running again about the 15th of July.

The improvements which have been made place the local mill in a class with the best mills not only of the state, but of the southwest. Among the improvements made are the installation of a grain separator and large roller and dryer. In addition, the boilers and engines have been thoroughly overhauled and repaired, and every bit of the intricate machinery of the mill proper has been gone over and thoroughly renovated and put in shape for another season's work.

The acreage of grain is gradually increasing in this section of the valley. Both winter and spring wheat are showing up exceedingly well this season, and as a result the mill is expecting a larger business than ever before. When the fires are laid the middle of the present month it is probable that they will be maintained almost continually until the institution is shut down for repairs next summer.

John Becker, sr., of Belen, has received from his son Benjamin Becker, word that he has been appointed second lieutenant in the Illinois national guard. The young man has just completed his course at the Northwestern Military academy, and his commission comes as a reward of merit for the work done there. At the present time Mr. Becker is in Battle Creek, Mich., where he has undergone an operation.

J. S. McLaughlin and John Collier, of the New Mexico mounted police force, were in the city looking for some fugitives from justice who had broken jail in Belen last October.

A company of about 15 young people enjoyed a hay rack party leaving Belen and spending a few hours on the mesa west of the city.

Oliver Peterson, who for some years past has occupied a position with the John Becker company of this city, has resigned his position, and left for Berkeley, Calif., where he will visit for a time at the home of his mother.

Will Ellemeyer, of the John Becker company, has returned to his duties here, after a short vacation spent at Hot Springs, Ark.

H. H. Kounsebeck has returned to his duties in Belen after a vacation trip to Faywood Springs.

FIREMEN PREVENT BIG CONFLAGRATION

Prompt Work at the Purity Bakery Prevents the Spread of Flames.

The prompt action of the central fire department in arriving at the Purity Baking company's store, 222 Montgomery street, Monday night, probably averted a great fire disaster.

The store is located in the heart of the city between Mills and Texas streets, and is surrounded by some of the largest business houses.

The fire, the origin of which is unknown, started in the back room of the building, which was a raging furnace when the alarm was turned in about 11:20 o'clock Monday night. The room was used by the company for the storing of wrapping paper, pine boxes and other articles. The boxes offered fine fuel for the blaze, which, after gutting the room, was starting in on the store proper when the firemen arrived. Quick work on their part kept the fire confined.

Officials of the company stated Tuesday morning that the damage suffered would amount to possibly \$1000 covered by insurance. Approximately the same amount of damage was done by the fire to the building of J. J. Nations, which adjoins the Purity store.

"If for the timely arrival of the fire department," asserted E. M. G. Williams, secretary of the Purity company, "there would have been a great loss of property. The store is only a frame building and would have gone up in a smoke in a few minutes."

Chief Armstrong, of the fire department, expressed great satisfaction that it was certainly fortunate that the company got the alarm when it did.
